

Infrastructure Coverage Khammam Municipality

A. Water Supply

Details	Unit	Dry Season	Wet season
Households with HSCs	%	51	51
Households served by PSPs	%	24	24
Total households with piped water supply	%	51	51
Households served by tankers	%	5	5
Average supply time per day	Hours	1 1/2 to 2 Hrs	1 1/2 to 2 Hrs
Average per capita supply	LPCD	100 to 110	100 to 110
Average percentage losses in system(NRW, UFW)	%	10	10

B. Sewerage & Sanitation

Type Unit	%	
Households with sanitary latrines	%	65
Households connected to sewers	%	11
Households with unsanitary latrines	%	12
Households with no facility	%	12

C. Solid Waste Management

Details Unit Town	Units	Town Centre	Markets	Suburbs	Slums
Frequency of garbage collection No./week	No/Week	Daily	Daily	Daily	Daily
Garbage generated per day MTs	MTs	15	20	5	40
Garbage collected per day MTs	MTs	15	20	4	39
Percentage of garbage collected %	%	100	100	80	98
Households covered by door-to-door	No.	26900			
collection of garbage	No.	-			
Households where garbage is segregated	No.	-			
Disposal of waste	Extent		Distance to Municipal limits		
a. Land fill	-		-		
b. Composting	-		-		
c. Dumping	38.90 Acs		5 Kms		
d. Others					

Annual expenditure on SWM inclusive of privatization of sanitation	Rs. In Lakhs	696.00 Lakhs
Annual expenditure on privatization of sanitation only	Rs. In Lakhs	220.00 Lakhs
D. Stormwater Drainage		
Main areas of town prone to flooding	Bokkalagadda, Sundaraiah Nagar, Venkateswaranagar, Charuvu Bazar, Tummalagadda, Vikalangula Colony,	
Frequency of flooding	5 to 6 Years	
Extent of damage	about 50 Lakhs	
Availability of stormwater drainage master plan	Study of sullage & Strom water drainage system taken up by APUSP	
E. Roads		
Estimated percentage of all roads per built-up area	-	
Estimated percentage of pucca roads per built-up area	-	
Is there a roads or traffic plan?	-	
F. Street Lights		
Average spacing of street lights on main roads	30 mts to 35 mts	
Average spacing of street lights on all roads	30 mts to 35 mts	

1.9 Recent initiatives and notable developments during the last 3 years:

Sl. No.	Name of the scheme & Funding by	Sector	Name of the work	Amount of Estimate (Rs. In Lakhs)
1	150% Works component plan	Roads & Drains	Developmental works for Roads and Drains (5) no works	70.00
2	Non-Plan grants	Roads & Drains	Developmental works for Roads and Drains (14) no works	93.00
3	Adverse Seasonal conditions	Water Supply	Water Supply Works (3) nos	35.00
4	ACDP	Roads & Drains	Developmental works for Roads and Drains (11) no works	11.00
5	Municipal Funds	Roads, Drains, Water Supply	Developmental works Roads, Drains, Water Supply and other infrastructures	

		and other infrastructures	works. 2008-09 150 works 2009-10 134 works 2010-11 149 works	377.00 500.00 684.00
7	BRGF grants with Municipal Share	Roads, Drains, Water Supply and other infrastructures	Developmental works Roads, Drains, Water Supply and other infrastructures works. 2008-09 59 works 2009-10 25 works 2010-11 31 works	370.60 292.52 348.00
8	12 th F.C.	Purchase vehicles, Dumper places with bins & works at dumping yard	Purchase vehicles, Dumper places with bins & works at dumping yard	420.343
9	IHSDP scheme	Construction of Houses	Construction of Houses 725 nos	860.00
